The Proceedings

The Proceedings section of the *Journal of the Royal Society of Medicine* contains a selection of the material presented at RSM meetings published under the heading Presidential addresses, papers, case reports and meeting reports.

Papers are articles based on material presented at Section, Forum and other RSM meetings, and may be reports of previously unpublished original work, review articles, or other lectures given within the Society.

Case reports are restricted to selected cases presented at Section and Forum meetings.

Meeting reports provide overviews of Section or Forum meetings of particular interest.

A full list of papers read at Section, Forum and other RSM meetings and conferences can be found in the *RSM Bulletin* which is distributed to all Fellows of the RSM.

Contributions to the Proceedings section of the *JRSM* should be prepared in accordance with the Notes for Contributors and submitted via the Editorial Representative of the relevant Section or Forum.
